

Integrating audio/video for teaching and learning in Canvas

Charina ONG | Kenneth PINTO | Nicolle LEE | Nisha PAL | Grace OCOS

Webinar Guidelines

To keep the session more focused:

- Follow through closely what we are doing; try not to jump ahead
- Ask questions related to the sections being covered
- Post your questions on chat. But, before you post, please have a look at the Canvas FAQs, we have compiled:

<https://wiki.nus.edu.sg/display/canvasinstructor/Common+queries>

We will assign time at the end to answer further questions

Outline

- Creating video content
- Editing video content
- Inserting quiz into video
- Adding Closed Captions
- Sharing options
- Copying video content from LumiNUS to Canvas
- Creating and grading audio/video submission assignments
- Provide audio/video feedback to student submissions
- Adding video content into modules

Part 1: Creating video/audio via Panopto

- Creating video content
- Editing video content
- Inserting quiz into video
- Adding Closed Captions
- Sharing options
